LED Mirror

(Backlight Mirror & Enclosed LED Light Mirror)

Illuminated mirrors LED lights and mirrors, combined with modern-day smart technology. We have purposely designed our product lines to be both visually appealing and functional, with features such as LED Lighting, Dimmer, Bluetooth Speakers and Digital Clocks. Just a simple touch activates these functions, making your daily life a little more convenient and comfortable.

Basic Information

5 mm Copper Free Glass

Copper free mirror is a "most modern Eco-friendly" mirror, the most obvious feature is no copper and lead content..

Polished Edges

Our frameless bathroom mirrors feature polished and smooth edges, ensuring safe handling without any risk of injury to the hands.

Metal Profile Frame

Metal mirror frames are constructed of Rose Gold, gold, or Black-colored metals & provide a luxurious & shiny surface to the mirror.

Best Quality LED Driver & LED Strip

high-quality LED light strips, equipped with the latest technology to suit all your lighting needs.

Switch Options

Touch Sensor & Dimmer

Touch Sensors are the electronic sensors that can detect touch.

Human Motion Sensor

Human sensors are the electronic sensors that are able to detect the motion of humans in a particular area.

Hand Wave Sensor & Dimmer

Hand wave sensor are the electronic sensors that activates the light with a wave of a hand in front of the sensor.

Click Switch

Click switch are the non-electric switch that activates the light by pressing the switch.

Optional Features

3 Color LED Light

Illuminate your space with three color light option available in a range of colors (Warm White, Natural White, White) for the perfect ambiance.

Dimmer

Light control dimmers and switches to accommodate any need you may have in your home.

Defogger

A defogger is a device that removes fog and water droplets from Mirror.

USB Port

Connect mirrors feature with USB charging ports, make this mirror the perfect fit for gadget gurus.

Bluetooth Speaker

LED mirrors with Bluetooth speakers are a new and innovative way to add functionality to your bathroom mirror.

Shaver Socket

bathroom mirrors with shaver sockets which work perfectly in modern households.

Time & Temp. Display

These innovative mirrors are equipped with integrated clock and temperature displays, making your daily routine more convenient and efficient.

IP44 / IP67 Waterproof Power Supply, Waterproof & Fireproof Storage Box

Wireless Rechargeable LED Mirror

- 10,000 mAh High Capacity Battery
- Running Time up to 15 hours, ONE MONTH worry-free use
- LED color temperature changing 2700-6500K
- Copper free mirror with safety film back
- Heating Pad
- IR Sensor Switch

Why to choose LED mirror instead of traditional bathroom mirror?

An LED lighted mirror is more than just traditional mirrors. They are a combination of technology and design, offering a myriad of advantages that set them apart from traditional mirrors. With its ability to combine functionality, beauty, and energy efficiency, LED mirrors are the pinnacle of contemporary bathroom design. We may anticipate seeing even more cutting-edge capabilities added to these mirrors as technology develops, significantly increasing the bathroom experience. Therefore, an LED mirror is unquestionably a must-have addition to your bathroom if you're trying to give it a contemporary makeover. It will elevate your space and provide you a glamorous and useful bathroom sanctuary.

What if you are willing to install an LED mirror and living in an old house with old Electrical Wiring which not support to install the LED mirror but need HIGH cost of rewiring circuits?

Wireless Rechargeable LED Mirror is your BEST choice!

- No electrical rewiring!
- Plug and Play!
Avoid the hassle of rewiring circuits!
- Easy to Charge!
High Capacity Lithium Battery Powered

Difference Between Normal Mirror & Backlight LED Mirror

A simple mirror in your bathroom gives a simple look to your bathroom.

LED mirror in your bathroom gives a luxurious look to your bathroom.

Also, it enhances the way of living with its exceptional features.

MIRROR CABINET

(with LED Light)

SOFT CLOSE HINGE

Along with the clip-on system and adjustable hinges, the hinge provides a smooth and silent close to reduce noise and eliminate the slamming of doors.

CONCEALED WIRE TECHNOLOGY

Maintains the aesthetic interior look of a shaving cabinet with advanced technologies (lighting, demister and touch sensor) on the doors. Without wiring connecting the doors to the carcass, the doors can be easily removed for installation and maintenance.

DOUBLE SIDED MIRRORS DOORS

With both double-sided mirror doors opened, you are able to use the internal mirror to look at the back of your head effortlessly.

SEMI RECESSABLE

With touch sensor technology and pilot hole, the shaving cabinet can be easily semi-recessed into walls to free up space.

ADJUSTABLE GLASS SHELVES

Tempered glass shelves can be adjusted to the millimetre on the integrated rail slate system. Without the visibility of pre-drilled shelving holes, it offers a clean, minimalist look.
